

My name is Pamela Hammond. I am a hard-working full-stack web developer with a passion for designing meaningful and creative websites. After working within technology in higher education, I developed an interest in programming and earned a certificate in full-stack web development from the Coding Bootcamp at the University of North Carolina - Chapel Hill.

I enjoy spending time with my husband Chris, my long-haired chihuahua Rafa, and my chartreux cat Pusheen. In my free time, I solve jigsaw puzzles, go to the beach, and experiment with new makeup styles.
