<Professional Summary>

Full-stack web developer with experience working in student services within higher education and the full-stack of web development. With excellent attention to detail and organizational skills, I am dedicated to building original and efficient web applications from start to finish with proficient skills in HTML, CSS, and Javascript. I enjoy being challenged and working outside of my comfort zone. Looking for the perfect match with a company that will test and further my knowledge of web development.

<Top Projects>

Platonic Friends Forever

A simple way to meet like-minded people in your area, PFF matches people based on their shared interests. Whether you like to attend major-league baseball games or play video games, this full-stack application helps you find your Platonic Friends Forever. (Still in progress!)
Check it out here: https://pfforever.herokuapp.com/

Sky Gazer

In this project, I and 3 individuals used Javascript, HTML, and CSS to create Sky Gazer. In Sky Gazer, the user will input a location and choose one satellite, among a list of satellites, and the site will return the time and dates for the next fly over for the course of the next seven days, and will pair with weather data to determine if the user will be able to see the satellite when it flies over in their chosen location.

Express Note Taker

Created using Express.js, in this project I refactored existing code to save and retrieve note data from a JSON file. Use this application to create and save notes so that you can organize your thoughts and keep track of tasks that you need to accomplish!

<Work History>

English as a Second Language Teacher

Sogang Language Program, Tongyeong, South Korea Jul 2020 – Jan 2021

- Created and implemented lesson plans focused on improving English language proficiency in listening, reading, writing, and speaking to students aged 7-18 years old.
- Engaged in classroom management skills, collaborative discussions, and public speaking.
- Created engaging programming and educational activities to expose students to western culture.

Graduate Assistant

Fort Hays State University, International Student Services Aug 2019 – April 2020

- Assisted the selection, supervision, and training of three International Welcome Leaders for International Student Orientation.
- Developed and implemented social, cultural, and informational programs for the International Student Union and the International Student Services office.
- Advised the International Student Union, attending general and executive board meetings.
- Coordinated the International Speakers Bureau, a program that connected international students with local elementary schools to share cultural experiences and build an understanding between communities.
- Served on the International Education Week committee and the Internationalization committee, planning events for the campus to raise awareness of our international partners and programs.

Building Manager Supervision Practicum

Fort Hays State University, Memorial Union Aug 2019 – Dec 2019

- Supervised and advised a team of five student employee building managers, facilitating one on one meetings with each individual to assess their work, plan their weekly schedules, and create weekly professional goals.
- Provided guidance and support to building managers through direction, feedback, and critique.

Graduate Assistant

Fort Hays State University, Center for Student Involvement Aug 2018 – May 2019

- Served as a lead manager of the online student portal TigerLink through CampusLabs (now Anthology, Inc.), managing student organization profiles, creating and editing forms and events, and producing articles for the Center for Student Involvement.
- Created and presented Annual Student Organization Training materials for over 125 student organizations.
- Organized and planned social activities and large scale events on campus, such as the TigerLink Birthday Party, Veteran's Day Celebration, and the Student Organization Awards Reception.
- Advised student organizations through the Food for Thought program on event planning, officer transitions, membership retention, and recruitment practices.
- Planned and led the Student Organization Competition during Homecoming Week of 2018.
- Assisted with the annual student organization registration renewal process.
